**Percentile Rankings and Peer Average Ratios are produced once a quarter after the data collection is complete.									
Subsequent corrections to data after this date are not reflected in the Percentile Rank or the Peer Average Ratios until the next cycle.									
Percentile Rankings show where the credit union stands in relation to its peers in key areas of performance. To arrive at the percentile ranking, all data for all credit unions in a peer group are arranged in order from highest (100) to lowest (0) value. The percentile ranking assigned to the credit union is a measure of the relative standing of that ratio in the entire range of ratios. A high or low ranking does not imply good or bad performance. However, when reviewed in relation to other available data, users may draw conclusions as to the importance of the percentile rank to the credit union's financial performance.									
<sup>1</sup> For periods before 2004, the Fixed Assets & Foreclosed and Repossessed assets did not include repossessed vehicles.									
<sup>2</sup> Prior to September 2010, this ratio was named Return on Assets Prior to NCUSIF Stabilization Income/Expense. From December 2010 forward, NCUSIF Premium Expense is also excluded from ROA.									
<sup>3</sup> The NCUA Board approved a regulatory/policy change in May 2012 revising the delinquency reporting requirements for troubled debt restructured (TDR) loans. This policy change may result in a decline in delinquent loans reported as of June 2012.
